One Book

ONE COMMUNITY[®]

Bringing Communities
together one book at a time.

Our 2011 Book Choice is:

Into Thin Air
by Jon Krakauer

Our Book: Into Thin Air by Jon Krakauer

The Story:

In 1996, two groups head up the North Face of Mount Everest.

Not all of them make it back down the mountain.

A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and countless injured and near death, left even more-including Krakauer- in guilt-ridden disarray. This is the story of those lives lost and saved, how they risked everything for their friends and showed true strength of character at the bleakest moment of their lives.

Books can be checked out or purchased at either the Oscar Grady Library in Saukville or the WJ Niederkorn Library in Port Washington. Copies are also available at the Port Washington High School Library.

Special Presentation

Guest Speaker Eric Larsen

Adventurer and Environmentalist

Tuesday, April 26th
6:30 p.m.

at the WJ Niederkorn Library

MT. EVEREST, THE NORTH POLE AND SOUTH POLE represent the harshest and most extreme environments on the planet. Yet as inhospitable as these places are to humans, they are also the areas most affected by people.

On October 15th, 2010, polar adventurer and expedition guide Eric Larsen, originally from Cedarburg, WI, stood on the summit of Mt. Everest. In doing so, he became the first person in history to reach the South Pole, North Pole and summit of Mt. Everest in a 365-day period.

Hear this incredible first hand account in an hour-long presentation that unveils the beauty and vastness of these remote landscapes - areas few people have ever seen - how they are changing, and ultimately, what we can do to protect them. Through breathtaking images, engaging story telling and captivating video, Eric describes the triumphs and tribulations, of planning, executing and completing three major expeditions to world's three 'poles'. Eric will also talk about how important understanding the 'science of climate' and the individual and combined efforts are needed to save these fragile environments.

Book Discussions

Monday, April 11th, 6:30 p.m.
at the WJ Niederkorn Library
in Port Washington

Thursday, April 14th, 6:30 p.m.
at the Oscar Grady Library
in Saukville

Tuesday, April 19th, 6:30 p.m.
at the YMCA in Saukville

Movie Presentation

Storm over Everest

a David Breashears/NOVA Film

At the Oscar Grady Library:

Thursday, March 10th at 6 p.m.
Friday, March 11th at 2 p.m.

Tuesday, April 19th at 6 p.m.
Thursday, April 21st at 6 p.m.

At the WJ Niederkorn Library:

Saturday, April 16th at 10:30 a.m.
